d. intangible

Page Number: 52

Level: Basic

6. The first responder should establish an _____ log of individuals present or who left before the responder's arrival.

a. photo

b. perimeter

c. taped

d. entry*

Page Number: 51

Level: Basic

7. The initial survey of the crime scene should be done in a _____ manner, taking _____ of observations at the scene.

a. systematic, notes*

b. organized, reports

c. typed, sketches

d. orderly, report

Page Number: 52

Level: Basic

8. The crime scene investigator should contact the first responder at the scene to obtain an

Access Complete Test Bank for Crime Scene Investigation and Reconstruction 4th Ogle

_____ of the scene.

a. report

b. log

c. overview*

d. observation

Page Number: 50

Level: Basic

9. The investigator should determine which areas can be crossed without _____

_____ _____.

a. preserving evidence

b. destroying potential evidence*

c. manipulating the scene

d. tampering with evidence

Page Number: 50

Level: Basic

10. The investigator should _____ the scene with the first responder.

a. interview

b. manipulate

c. tour*

d. identify

Page Number: 50
