Chapter 1 Careers and Certification

MULTIPLE CHOICE

1. Which of the following occupations is part of the Design/Preconstruction career pathway?
   A. HVACR installer
   B. HVACR (mechanical) drafter
   C. Pipe fitter
   D. Sheet metal worker

   ANS: B PTS: 1 REF: Section 1.2

2. Installing refrigeration units on the roof of a new grocery store would be completed by someone in an occupation found in the ____ pathway.
   A. construction
   B. design/preconstruction
   C. maintenance/operations
   D. None of the above.

   ANS: A PTS: 1 REF: Section 1.2

3. Which of the following occupations is likely to spend the most time using computer-aided design software?
   A. HVACR drafter
   B. HVACR engineer
   C. HVACR installer
   D. HVACR service technician

   ANS: A PTS: 1 REF: Section 1.2

4. Which of the following occupations is likely to spend the most time checking refrigeration and air-conditioning systems to ensure proper performance?
   A. HVACR drafter
   B. HVACR engineer
   C. HVACR installer
   D. HVACR service technician

   ANS: D PTS: 1 REF: Section 1.2

5. Performing load calculations to specify equipment for a refrigeration system for a new grocery store would be completed by someone in an occupation found in the ____ pathway.
   A. construction
   B. design/preconstruction
   C. maintenance/operations
   D. None of the above.

   ANS: B PTS: 1 REF: Section 1.2

6. Which of the following occupations is most likely to know the cost of materials and labor needed to install a large ductwork system for a commercial building?
   A. Building inspector
   B. Energy auditor
   C. Estimator
   D. HVACR drafter
